*CYB denotes Centennial Youth Ballet classes. These classes require an audition for placement and new students are admitted as space permits.

**Children's Ballet denotes classes continued from the previous semester. New students are admitted as space permits based on previous training.

Since all children's classes are currently full, a waiting list for each class will be taken at the following email address: shirley.blackburn@nashville.gov. Students will be admitted on a first come, first served basis with placement being determined by the email's time stamp. Waiting lists will be kept on file for one academic year.
